GALAXY2

by TRIANGLE

The "easy living" audio - video concept.

The GALAXY 2 system was developed around the concept of "easy living". The idea is to promote perfect integration and use at different levels.

HOME VIDEO . HIGH FIDELITY . MUSIC SYSTEMS FOR PUBLIC VENUES.

GALAXY 2

Black & White High Gloss

Pack Galaxy 2

The full GALAXY 2 system comprises 5 satellite speakers combined with the Meteor 0.1 Tc compact woofer. To meet the expectations of the most demanding listeners, this concept makes it possible to build an infinite number of hi-fi and home video configurations, and even music systems for public venues. In the latter application, the satellites are used independently from the woofer.

Available finishes : Black or White Piano Lacquer.

€ 1339

Satellites

A TMM (tweeter-mid-mid) alignment was chosen for this speaker to ensure satisfactory energy and efficiency. Combination of aluminium and piano lacquer.

Its unique aluminium walls clearly contribute to its excellent sound qualities while highlighting its sophisticated design

Available finishes : Black or White Piano Lacquer.

€ 255

Météor 0.1TC

METEOR 0.1Tc is a discrete artefact of pure luxury. With its excellent technical capabilities - power, extreme bass range, dynamic capacity, etc - it extracts all the qualities of a cinema sound track and reproduces them with all the effects plunging the film-loving listener into the very heart of the action.

Available finishes : Black or White Piano Lacquer.

€ 669

Météor 0.5TC

GENÈSE

a love of legendary things

The first time that I sat down and listened I finally understood the meaning of the word "GENÈSE" (genesis). That night in my own home I witnessed the birth of an absolute, something we have been long waiting for..

like a logical extension, something coming to completion. An object of desire, a source of emotion and imagination. I now knew that none of my records would ever be the same again.

Beauty with refined curves and tight lines, as though designed to go higher.

The person who created them had just made me fall in love with legendary things. GENÈSE was its name.

GENÈSE		Mahogany	Black ^{High Glass}
Lyrr :	An excitingly designed and very musical speaker which takes transparency and image precision on to the next level. 127cm tall, 30kg, 5 drive units, 3 way speaker. Fits in 30-80sqm rooms.	€ 2249	€ 2425
Quartet :	Universally acclaimed, the Quartet will reproduce either the subtlety of an opera or the punchy sound of a rock concert. 117cm tall, 26kg, 4 drive units, 3 way speaker. Fits in 30-60sqm rooms.	€ 1659	€ 1820

30 years of passion and innovation, 18 gold Diapasons

TRIANGLE, the French electro-acoustic system manufacturer has been designing, manufacturing and assembling high end loudspeakers in the town of Soissons, the cradle of the French monarchy.

Marc Le Bihan, Chairman and managing director

Since its early beginnings, TRIANGLE has made research and technological innovation its priorities, with the ultimate aim of offering music-lovers a natural sound of very high quality. TRIANGLE's enthusiastic team of engineers and technicians constantly seek to improve and innovate, which is what makes TRIANGLE loudspeakers unique.

Each component is designed, engineered and developed according to technical specifications exclusive to TRIANGLE.

1980

1180

The first model to be marketed. It was highly successful with high-end audio dealers who appreciated its originality and technical qualities. Thus began the passion for TRIANGLE.

Triangle was awarded 18 gold Diapasons for its no compromise sound reproduction quality, that embodies the beauty and emotion of music.

THE SOUND WITH TRIANGLE

I need to be elsewhere to be myself, in my home I need to hear, as I would in a studio, the most infinite details of the slightest keystroke and feel the depths of a cathedral. Triangle's ideal is to "transcribe" each one of my adventures into sound.

Steve Shehan
composer, percussionist and multi-instrumentalist

Photo : Philippe GLORIOSO, Copyright

This composer

was born in the United States and has a rather atypical background. Born to a Cherokee father and an American mother of French origin, he believes that music is a means of communication between peoples, whatever their language, culture or religion. Over a twenty year period, Steve Shehan personally composed and produced 15 albums as well as original sound tracks for the films : Bye Bye by Karim Dridi and Le Maître des Eléphants by Patrick Grandperret. He also participated in the original sound track for the films Krikou and L'Amant.

Meet Steve Shehan on the Triangle stand at the Hi-Fi Show 2010 in Paris.

Triangle has always been closely associated with the world of musical performers. This exchange allows us to be always up to date with new ideas, to be creative together and to provide increasingly realistic sound reproduction.
